MEMORANDUM FOR: See Distribution

FROM:

Director, Office of Community Coordination

25X1

SUBJECT: SSCI Questions for the Record: Collection

1. Attached is a second set of questions from the SSCI which will have to be answered by the end of the week. Because of the short turnaround time associated with them, we provided the entire set to each witness at the hearing, now set for 18 March.

2. We have two problems associated with this question set. First, 
 as the principal witness, will need to answer some, but not all of the questions. Second, we need to insure that the program offices are answering the questions appropriate to their activities.

25X1

3. To address the first problem, I have attached a sheet designating ICS office responsibility for preparing the JEK response. Please provide your response in the format provided by COB Wednesday, 17 March.

4. To solve the second problem,  and I have agreed to bring the skills of the O/PBC program monitors to bear. The CIA, CCP,  and GDIP program monitors should communicate with their respective program offices to insure that the program is answering all questions that fall within their sphere of interest. The program monitor should also review each response to insure that no glaring inconsistencies slip thru and that the Community is offering as unified a posture as is possible. We in OCC will work with the individual monitors as required to finalize the responses. The first responses from the program offices are due by COB 17 March.
